Subject: Request for Certification of the
Universal Electronics, Inc.
DirecTV RC34RF
Model: URC-2481RG0-X
FCC ID: MG32481

Gentlemen:

We have enclosed a package for the Class II Permissive Change of the Universal Electronics, Inc. DirecTV RC34RF Model: URC-2481RG0-X.

The following changes were made for the Class II Permissive Change:

1. The EL driver section has been removed.
2. The main PCB was FR4 (RC32) now it is double side paper phenolic (RC34).
3. The EUT name is now DirecTV RC34RF due to the change made in item #2.

We have enclosed the completed Form 731 with the applicable exhibits. The duty cycle is exactly the same as the previous version due to the transmitter section not changing.

If you have any questions or need any additional information, please give me a call at (714) 579-0500.

Sincerely,

Kyle Fujimoto
Test Engineer
