

The Golight® Gobeetm is a Portable Searchlight designed to be temporarily attached to a vehicle for your specific use. This searchlight with directional flexibility is controlled by a wireless remote, which gives the operator a full 360° horizontal rotation and a 90° tilt with fingertip control. The Gobeetm provides superior light penetration with Cr5 Pentabeam Technology.

The Gobeetm Includes:

Gobeetm Searchlight
Remote Control w/ battery
1 power cord
Carrying Case

MOUNTING & REMOVAL INSTRUCTIONS

1. Always clean mounting surface with a clean cloth
2. Place Gobeetm in desired location
3. Remove by pulling up on the bottom side tabs

PROGRAMMABLE REMOTE INSTRUCTIONS

The Golight® Gobeetm is controlled with a programmable remote with 16 different channels. This feature allows you the freedom to change the channel selection, and the receiver relearns the new selection.

PROGRAMMING THE TRANSMITTER

This light has been pre-programmed at the factory, and it is not necessary to re-program the transmitter, unless you experience outside interference.

1. **IMPORTANT:** Disconnect power to unit.
2. Remove battery cover from remote control
3. Set the 4 dip switches to a selection of your choice. There are 2 positions on each; use a small screwdriver and select a position for each dip switch.
4. Replace battery cover
5. Depress the on/off button and hold it down
6. While holding the on/off button down, reinstall the power to the unit (plug the cigarette lighter in)
7. Keep your finger on the on/off button for 5-6 seconds, and then release. The light should now be reprogrammed.
8. Frequency Range of Transmitter : 433.92MHz
9. Modulation Type of Transmitter: ASK

OPERATION OF GOLIGHT® GOBEETM

1. Place your Gobeetm on the outside of your vehicle
2. Plug your Gobeetm into your vehicles cigarette lighter outlet or 12 volt direct battery hookup
3. Using the remote control, turn on the light by depressing the on/off button.
4. With the 4 way arrows on the remote control, rotate your light to the desired location. Depending on the conditions, the wireless remote may be used up to 15 feet from the Gobeetm.
5. Unplug and remove light from vehicle. Store in the enclosed carrying case when not in use to extend the life of your Gobeetm.

WARNING: Unplug unit when not in use.

BULB REPLACEMENT

The Golight® Gobeetm utilizes a H-3 55 watt bulb, which may be purchased through Golight™ Inc.—
308-278-3131 or 800-557-0098

IMPORTANT SAFETY INFORMATION

* This symbol is to alert you to important operating or servicing instructions that appear in your instructions. Always follow basic safety precautions when using this product to reduce the risk of injury, fire or electric shock.

* This light is for off-road and utility use only. It is not designed for road use as a driving light.

* The Gobee™ complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) The light and remote may not cause harmful interference, and (2) this light and remote must accept any interference, including interference that may cause undesired operation.

FCC RULE Part 15.21—Changes or modifications made by the user not expressly approved by Golight, Inc. for compliance could void the users authority to operate the equipment.

For safe and efficient operation of your Golight® Gobee™, observe these guidelines:

Using your Gobee™ in icing conditions could damage the gear motors.

Your Golight® Gobee™ is a radio transmitter and receiver operating at 433 MHz. Whenever the light is on the internally mounted antenna sends out and receives radio frequency (RF) energy.

Modern electronic equipment, i.e. Personal medical devices such as pacemakers, hearing aids, etc. are shielded from RF energy. However, RF energy may effect some electronic equipment.

Vehicle electronic systems may be effected by RF energy. Check with your vehicle manufacturer representative to be sure that your Gobee™ will not effect the electronic system of your vehicle.

* Notice : The changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

* IMPORTANT NOTE: To comply with the FCC RF exposure compliance requirements, no change to the antenna or the device is permitted. Any change to the antenna or the device could result in the device exceeding the RF exposure requirements and void user's authority to operate the device.

ONE YEAR LIMITED WARRANTY

Golight, Inc. warrants the Gobee™ against any deemed defects that are due to workmanship for parts or faulty material, except lamps, for one year from the date of the original purchase. This warranty to the Gobee™ does not cover damage resulting from unreasonable use or misuse, unreasonable maintenance or loss, or labor costs.

Mounting the light upside down will void the warranty.

Warranty cards must be filled out and sent in within 30 days of purchase to Golight, Inc. - 37146 Old Hwy 17 - Culbertson, NE 69024, for warranty protection. Register online at www.golight.com

If the Golight® Gobee™ does fail to operate under warranted specifications, send the light and remote control postage paid, plus \$9.95 for shipping and handling to: Golight, Inc. - Service Dept. - 37146 Old Hwy 17 - Culbertson, NE 69024. No COD's accepted. Only the above manufacturer is authorized to perform warranty repair or replace product.

Any consequential damages to person or property are excluded from this warranty. Some states do not allow exclusion and limitation of incidental or consequential damages, therefore the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights and you may also have other rights.
