

Modulation Characteristics

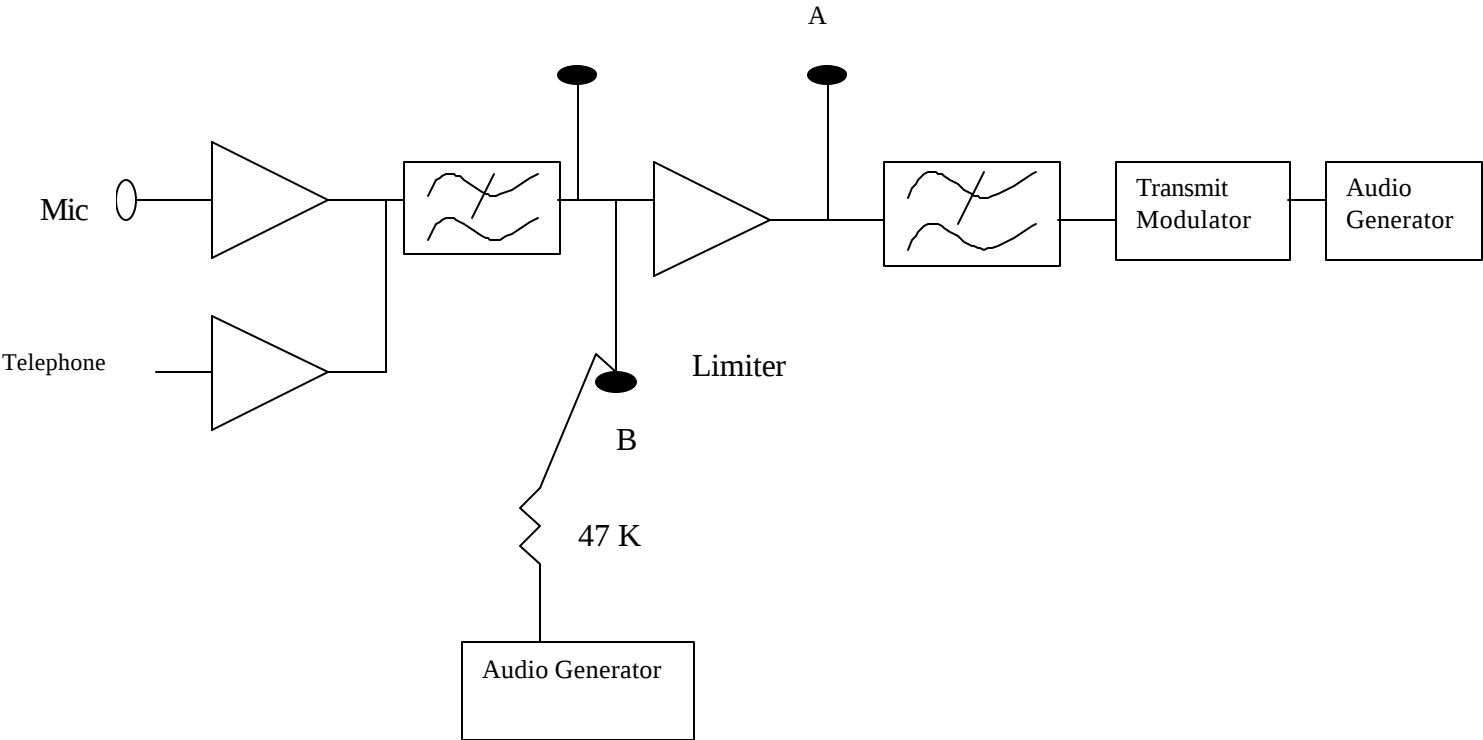

Frequency response of 2.1047(a) microphone audio modulating circuit

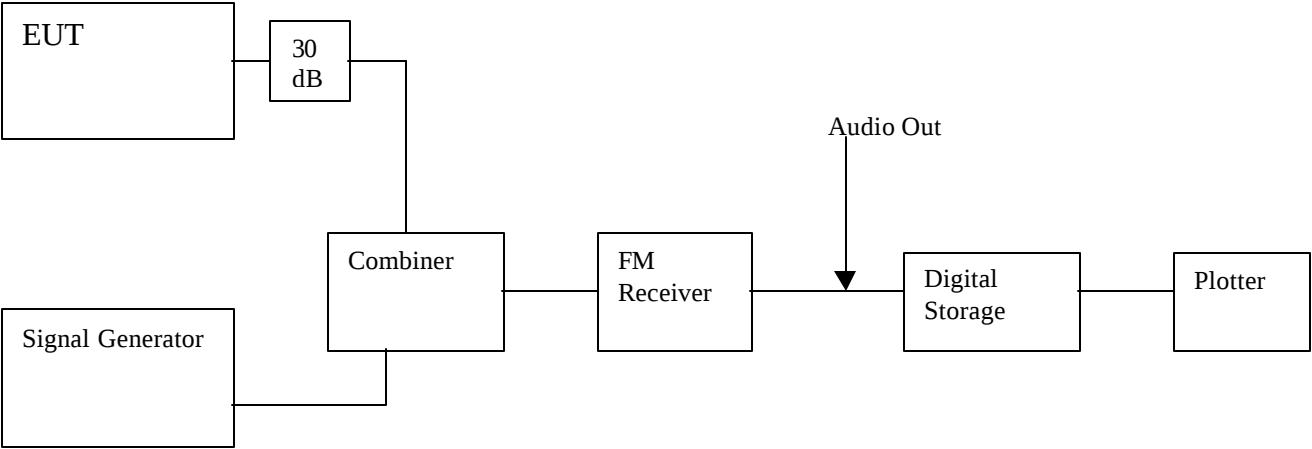

Frequency Responce of low pass filter after limiter on modulating circuit.
Test Point A (input to limiter)

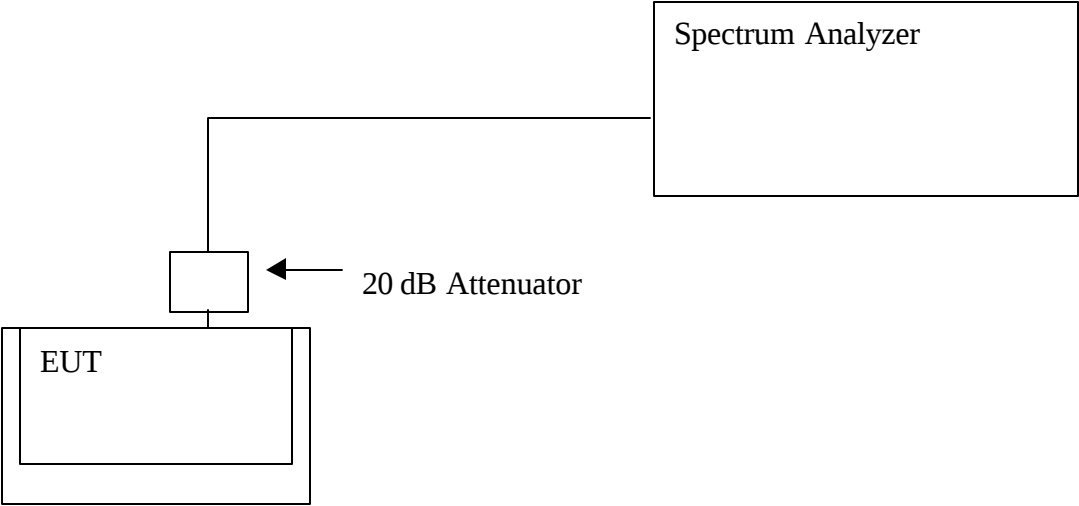

Modulation Limiting (2.1047(b))

Transient Frequency Behavior Part 90, Para. 90.214

RF Power Output (2.1046, 2.1049, 2.1051,
22.359 and 90.210(b)

Frequency Stability 2.1055(d) Voltage Variation
