Subject: Original Application for Certification of Class B Computing Peripheral
FCC ID: MQ4CE10T / Ethernet PC LAN Card, Model CE10T

Gentlemen:

Enclosed please find Abocom Systems Inc.'s application for equipment authorization dated December 22, 1999. The subject device is in compliance with Part 15, Subpart B of the FCC Rules.

This device is a Compact-Flash Sized Ethernet PCMCIA Local Area Network Card (PC LAN Card) and accessory adapter for insertion into host PC Card Slot Type II. This card contains Ethernet controller type TC3299CE with 20 MHz crystal oscillator that is Ethernet 10Base-T compatible with IEEE802.3 standard that support 10Mbps unshielded twisted pair cable connection to Ethernet local area networks. Also, this device is provided with RJ45 connector for connection and communications to remote local area network.

This EUT was network system tested with 10 Mbps transmission speed. Tests were performed in ANSI C63.4-1992 to show compliance with CISPR-22 Class B limits.

Should you have any questions or comments, please contact the undersigned. Thank you for your attention and cooperation in this matter.

Sincerely yours,

Richard Mullen
