RE: Request for Change in ID

Phoenix Contact Original FCC ID: **SGV-SHR-900**
Original Grant Date: 04/03/13
SATEL Oy New FCC ID: **MRBSATEL-LP9**

To Whom It May Concern:

SATEL Oy verifies the equipment bearing the modified identification does not differ from the original equipment, there are no differences in terms of both hardware and software. The only difference is branding: the original equipment carries Phoenix Contact brand, the equipment bearing the changed identification carries SATEL Oy brand.

The original test results continue to be representative of and applicable to the equipment bearing the changed identification.

If you required any additional information, please contact us.

Pekka Suominen
