consumo de energía en modo de espera: 0.151 Wh

A black, square-shaped power adapter with a coiled cable and a two-prong electrical plug, placed next to a ruler for scale. The adapter is positioned in the center of the frame, with its cable extending towards the top left. The ruler, which is black with white markings, is placed diagonally across the bottom half of the image, providing a sense of scale. The adapter's surface is smooth and has some faint, illegible text on it. The two-prong plug is visible on the right side of the adapter. The background is a plain, light-colored surface.

RJ-45 cable

Set 1 Antenna
