FCC DECLARATION LETTER

FCC ID: MXF-WIXB-188

Date: 2012/7/17

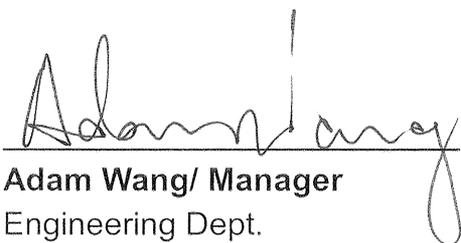

To whom it may concern:

We, the undersigned, declare following

Whilst Gemtek is happy to rephrase its manual warning regarding licensing of installation professionals per FCC comments, we have an issue with respect to the manual statement regarding liability associated with installation. The manual makes a commercial statement rather than an assignment of regulatory responsibility.

Gemtek agrees that we remain exposed to regulatory action for non-compliance with FCC rules. However, our users/service providers need to be put on notice that Gemtek may take action against them in respect of faulty installation in the event that Gemtek becomes liable under FCC rules where the cause is faulty installation.

Sincerely,

Adam Wang/ Manager
