Attestation Letter

Federal Communications Commission
7435 Oakland Mills Road
Columbia MD 21046

FCC ID: MZR-YRHCPZW4FM

The test data reports provided with this application constitute testing that was completed more than 12 months ago. The reason for the delay in filing was due to a corporate acquisition of Yale Products by the Master Lock company from ASSA ABLOY. The delay was purely corporate. There have been no changes to the product since the original testing was completed.

Thank you!
