BATTERY INSTALLATION

Each unit uses one 9V battery, which is not included with unit.

To insert battery: 1) open the battery door with a screw driver as in Fig.1

2) insert the battery and replace the battery door

The life span of batteries varies with the types of batteries and conditions under which the unit is used. Alkaline batteries are recommended for longer operating hours. Change batteries when there is a significant drop in effective range or quality of transmission.

POWER ON/OFF

The power is ON when you turn Power ON/OFF Volume control key and green light indicator is lighted (RX).

The power is OFF when you turn the Power ON/OFF Volume key and green light indicator is not lighted.

HOW TO TRANSMIT and RECEIVE

Press and hold PUSH TO TALK key and speak clearly into the microphone. The red light(TX), lights "on" during transmission. Release the PUSH TO TALK when finished so that incoming voice can be heard, & green light(RX) is lighted.

RX light indicator represents "receiving signal"
TX light indicator represents "transmitting signal"

WARNING

-THE MANUFACTURER IS NOT RESPONSIBLE FOR ANY RADIO OR TV INTERFERENCE CAUSED BY UNAUTHORIZED MODIFICATIONS TO THIS EQUIPMENT. SUCH MODIFICATIONS COULD VOID THE USER'S AUTHORITY TO OPERATE THE EQUIPMENT.
-CHANGES OR MODIFICATIONS TO THIS UNIT NOT EXPRESSLY APPROVED BY THE PARTY RESPONSIBLE FOR COMPLIANCE COULD VOID THE USER'S AUTHORITY TO OPERATE THE EQUIPMENT.

PRECAUTIONS

This product is engineered to give you years of satisfactory service if you handle it carefully :

1. Do not immerse the product in water. If you spill liquid over it, dry it immediately with a soft, lint-free cloth.
2. Do not clean the product with abrasive or corrosive materials.
3. Do not subject the product to excessive force, shock, dust, temperature or humidity.
4. Do not tamper with the product's internal components. The product contains no user-serviceable parts.
5. Only use fresh batteries as specified in this manual. Do not mix new and old batteries as the old ones may leak.
6. Always read the manual thoroughly before operating the product.
7. Check with your local authority if you need a certain license or registration to operate a radio equipment with specifications listed in this manual.

NOTE

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- ☐ Reorient or relocate the receiving antenna.
- ☐ Increase the separation between the equipment and receiver.
- ☐ Connect the equipment into an outlet on a circuit different from that to which the receiver is needed.
- ☐ Consult the dealer or an experienced radio/TV technician for help.

LONG RANGE WALKIE TALKIE

USER'S MANUAL

Congratulations on your purchasing, this, super long range walkie talkie. Consisting of two identical units. And easy to use offering quick and easy two way clear communication. This product is suitable for many use, such as at home, at playground, fishing, hiking, etc... The range of transmission and clarity of reception increase with open terrain and favorable weather conditions.
