

ENGINEERING STATEMENT

For Certification of

Phase IV Engineering

Radio Frequency Identification Reader

FCC ID: N4T-G3AM

Model # G3/xxAM

I am an Electromagnetic Compatibility test engineer for TUV Product Service, Boulder, Colorado. My education and experience are a matter of record with the Federal Communications Commission.

TUV Product Service Corporation has been authorized by Phase IV Engineering Boulder, 2820 Wilderness Place - Suite C, Boulder, Colorado 80301, to make FCC Part 15 Certification measurements on the G3/xxAM. These tests were made by me or under my supervision at our Pinewood Springs Laboratory which is registered with the FCC under Paragraph 15 of the FCC Rules.

Test data required by the FCC for FCC Part 15 Certification is included in this report.

It is submitted that the above equipment meets FCC requirements and FCC Part 15 Certification is hereby requested.

Shawn Singh
EMC Engineer
TUV Product Service
