

Owner's Manual (EN)

Product: Foldable Key (X52 ph2)

Type: **RFK1A**

Document No.: 4345-3_EE91683001
Status: RELEASE
Revision: 1.0
Date: 08.04.2019

KEY, RADIO FREQUENCY REMOTE CONTROL: general information (1/2)

- 1 Locks all the opening elements.
 - 2 Unlocks all the opening elements.
 - 3 Ignition and front door key.
 - 4 Locking/unlocking the tailgate only.
- Remote control with switchblade key:**
- 5 Locking/unlocking using the switchblade key. To release the insert from its housing, press button 5, it comes out automatically. Press button 5 and guide the insert back into its housing.

Advice

Avoid leaving the remote control in hot, cold or humid areas.

The key must not be used for any function other than those described in the handbook (removing the cap from a bottle, etc.).

Driver's responsibility when parking or stopping the vehicle

Never leave an animal, child or adult who is not self-sufficient alone on your vehicle, even for a short time.

They may pose a risk to themselves or to others by starting the engine, activating equipment such as the electric windows or locking the doors.

Also, in hot and/or sunny weather, please remember that the temperature inside the passenger compartment increases very quickly.

RISK OF DEATH OR SERIOUS INJURY.

KEY, RADIO FREQUENCY REMOTE CONTROL: general information (2/2)

Radio frequency remote control operating range

This varies according to the surroundings: take care not to lock or unlock the doors by inadvertently pressing the buttons on the remote control.

Note: If a door or the boot is open or not closed properly, the doors and boot lock/unlock in quick succession.

Interference

Interference by factors in the immediate vicinity (external installations or the use of equipment operating on the same frequency as the remote control) may affect the operation of the remote control.

Replacement and additional keys or remote controls.

You must only contact an approved dealer:

- If you need to replace a key it will be necessary to take the vehicle and all of its keys to an approved Dealer in order to initialise the system.
- Depending on the vehicle, you have the option of using up to four remote controls.

Remote control unit failure

Make sure that the correct battery type is being used, and that the battery is in good condition and inserted correctly. These batteries have a service life of approximately two years.

Refer to Section 5: "Radio frequency remote control: batteries" for the battery changing procedure.

RADIO FREQUENCY REMOTE CONTROL UNIT: use

The remote control **A** can be used to lock or unlock the doors and boot. It is powered by a battery which must be replaced (refer to the information on "Radio frequency remote control: batteries" in Section 5).

Locking the doors

Press locking button **1**.
The side indicator lights and hazard warning lights flash **twice** to indicate that the doors have been **locked**.
If a door or the boot is open or not properly shut, they will lock and unlock in quick succession and the hazard warning lights and indicator lights will not flash.

Unlocking the doors

Pressing button **2** unlocks the doors and tailgate.
The side indicator lights and hazard warning lights flash **once** to indicate that the doors have been **unlocked**.

Note:

With the engine running, the ignition switched on and in accessories position (refer to "Ignition switch: vehicles with a key" in Section 2), the remote control buttons will be inactive.

Locking/unlocking only the boot

Press the button **3**.

Driver's responsibility when parking or stopping the vehicle

Never leave an animal, child or adult who is not self-sufficient alone on your vehicle, even for a short time.

They may pose a risk to themselves or to others by starting the engine, activating equipment such as the electric windows or locking the doors.

Also, in hot and/or sunny weather, please remember that the temperature inside the passenger compartment increases very quickly.

RISK OF DEATH OR SERIOUS INJURY.

RADIO FREQUENCY REMOTE CONTROL UNIT: deadlocking

If the vehicle is equipped with a deadlocking function, this allows you to lock the opening elements and to prevent the doors from being unlocked using the interior handles (for example, by breaking the window and then trying to open the door from the inside).

To activate deadlocking

Press button **1** twice in quick succession.

The hazard warning lights and indicator lights give **two slow flashes** and three quick flashes to indicate locking.

Special note: deadlocking is not possible if the hazard warning lights or the side lights are lit.

To deactivate deadlocking

Unlock the vehicle using button **2**.

The hazard warning lights **flash once** to indicate that the doors have been unlocked.

Never use deadlocking if someone is still inside the vehicle.

RADIO FREQUENCY REMOTE CONTROL: batteries

Replacing the battery

Open the case at slot **1** using a flat-blade screwdriver or similar, and replace the battery **2**, observing the polarity shown on the back of the cover.

The batteries are available from approved Dealers, and their service life approximately two years.

Check that there is no dye on the battery: risk of an incorrect electrical contact.

Note: It is not advisable to touch the electronic circuit in the key cover when replacing the battery.

When refitting, ensure that the cover is correctly clipped on and the screw tightened.

CAUTION

Do not throw away your used batteries; give them to an organization responsible for collecting and recycling batteries

RADIO FREQUENCY REMOTE CONTROL: batteries

CAUTION

Do not ingest battery. Chemical Burn Hazard

This product contains a coin / button cell battery.

If the coin / button cell battery is swallowed, it can cause severe internal burns in just 2 hours and can lead to death.

Keep new and used batteries away from children. If the battery compartment does not close securely, stop using the product and keep it away from children. If you think batteries might have been swallowed or placed inside any part of the body, seek immediate medical attention.

CAUTION

Risk of explosion if the battery is replaced by an incorrect type. Replace battery with the same type.

CAUTION

Risk of explosion or the leakage of flammable liquid or gas.

Do not use in /store in /bring into environment of extremely high temperature or extremely low pressure due to the very high altitude.

Do not attempt to burn, crush, or cut used battery.

RADIO FREQUENCY REMOTE CONTROL: regulatory statements

Certification information (US, Canada)

FCC ID: N5F-RFK1A
IC: 3248A-FK1A

The device complies with Part 15 of the FCC Rules and Innovation, Science and Economic Development Canada's licence-exempt RSS(s).

Operation is subject to the following two conditions:

- 1) the device may not cause harmful interference and,
- 2) the device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications made to this equipment not expressly approved by Valeo Comfort and Driving Assistance may void the FCC and ISED authorization to operate this equipment.

Radiofrequency radiation exposure Information:

This equipment complies with FCC and IC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance of 0.5 cm between the radiator and your body.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
