Columbia, MD 21046

Gentlemen:

FCC ID: **N5RUSWD500**

We, the undersigned, hereby certify that the above-referenced cellular transmit and receive equipment will not do the SAR Test. Instead, there will be a warning label (see below) stamped on the equipment.

While this device is in operation, a separation distance of at least 20 centimeters is maintained between radiating antennas and the body of the user or nearby persons in order to meet the FCC RF exposure guidelines.

Yours truly,

Rod Stambaugh
