Declaration of professional installation

Date: September 9, 2015

FCC ID : N6C-SDMAN
Applicant: Silex Technology, Inc.

To whom it may concern:

This product is mounted inside of the end product by professional installers OEM. They use this module with changing the power and operating frequency setting by the software of end product within the scope of this application because the operating frequency band is limited by the used antenna. End user cannot change this setting.

Thank you for your attention to this matter.

Sincerely,

A handwritten signature in dark ink, appearing to read "Toshiro Kometani", written over a horizontal line.
