Attestation Letter

To Whom It May Concern,

The chip N51802 installed in our product Smart Shelf Counter (model name: CE39034, FCC ID: N6K-CE39034), which supports 2.4G BT and 2.4G SRD functions. But for this product, it only activates 2.4G SRD function, the 2.4G BT function is disabled by using the software.

Please contact me if there is need for any additional clarification or information.
Best Regards,

Sincerely Yours,
