

## Cover Letter

To whom it may concern,

This is to confirm that Sierra Wireless Inc. wishes to certify 2 HVIN under the same IC ID **2417C-RC76C**.

The two HVIN are **RC7612** and **RC7612-1**.

The 2 HVIN share the same critical attributes as listed below:

	HVIN RC7612	HVIN RC7612-1
<b>Form Factor</b>	<b>Identical</b>	
<b>I/O Interface</b>	<b>Identical</b>	
<b>Shielding</b>	<b>Identical</b>	
<b>Antenna Connectors</b>	<b>Identical</b>	
<b>Schematics</b>	<b>Identical</b>	
<b>PCB Layout</b>	<b>Identical</b>	
<b>Band supported</b>	<b>Identical</b> (WCDMA/HSDPA/HSUPA B2/B4/B5 and LTE B2/B4/B5/B12/B13)	
<b>LTE Category</b>	<b>Category 4</b>	<b>Category 1</b>

The LTE Category is changed upon production and has no impact on the RF characteristics of the products as it does not impact the modulation, the output power, the frequency ranges, the band grouping or any other RF test items.

Signed on behalf of Sierra Wireless, on June 26, 2022

A handwritten signature in black ink that reads "Denis Chabot".
