RE: FCC ID: NB31033\_ATCB001198

Attention: Brian J. Dettling

I have a few comments on this Application.

1. Please note that the 7 inch separation distance mentioned in the manual puts this device in the portable category. Please note that the separation distance needs to be 20cm or 7.9 inches. Please revise the manual for mobile use separation distances. Please use either the standard 20cm separation or alternately please use 7.9 or 8 inches as the separation distance.
2. Please provide the tune-up procedure for this device.

Dennis Ward

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
