Request for Confidentiality

Pursuant to Sections 0.457 and 0.459 of the commissions rules, we hereby request that the following documents be held confidential:

- Block diagram
- Schematics
- Operations Manual
- Internal Photos
- Theory Of Operation
- GT_MB Final ATP (Tune up Information)

These materials contain trade secrets and proprietary information and are not customarily released to the public. The public disclosure of this information might be harmful to the company and provide unjustified benefits to our competitors. The information directly relates to law enforcement techniques, and disclosure of the referenced material could compromise those techniques (information regarding the Spectrum Management system has been given confidential treatment by the Wireless Telecommunications Bureau for this reason). In addition, we are requesting that Internal photos be withheld for this product, being a non-consumer device and only serviceable by the licensee or his designated technician. We request the User Manual be held confidential due to it containing highly technical information. This manual is not provided to the consumer because the consumer cannot service the device.
