

ELECTRONIC TRACKING SYSTEMS[®]
A SPECTRUM MANAGEMENT COMPANY

Date: 09 July 2013

Nemko USA Inc.
802 N. Kealy Avenue
Lewisville, TX
75057

FCC ID: NBI-TPC002

Product Name: TracPacPlus-Currency-2

Simultaneous RF Transmission

This product contains both a pre-certified CDMA cellular transceiver module (FCC ID: P4M-DTW200D), and a low-power VHF transmitter that meets the requirements of FCC Part 95 Subpart G (LPRS). Both transmitters may operate simultaneously at various times. Deployment recommendations for this device meet the 20 cm minimum device-human separation distance for Maximum Permissible Exposure (MPE) as required by FCC Part 15 (mobile device, uncontrolled exposure) and explained in OET Bulletin 65 Supplement C.
