To Whom It May Concern:

PURPOSE OF CHANGE LETTER
For Model SD459X

This letter is to provide additional information regarding the Application of Permissive Change for our model SD459X based on the previously certified model SD458X.

The Handset and Base RF modules as well as the antenna of the above-mentioned models are identical in, construction, dimensions, and electrical circuits.

The main difference is the additional corded phone on the Base of model SD459X. Due to this, the Base cosmetic design is changed as well as the baseband PCB layout compare with model SD458X.

All design including electronic, electrical and mechanical remain the same except the above-mentioned change.

The above-mentioned change is not intended for maximum power and change on field strength ratings.

Should you have any query, please don't hesitate to contact the undersigned.

Your Faithfully,

A handwritten signature in black ink, appearing to be 'Ronilo Paredes', written over a circular stamp or seal.

Ronilo Paredes
Senior Approval Engineer
