Attention Rick McMurray:

The intent of this letter is to request a Class II Permissive Change for our current video transmitter design with the FCC Identifier of NH5-FWTX1W. The change is to include the addition of a SMA antenna connection, and omni directional antenna. The omni directional antenna provided with the video transmitter will be PAWIN24-5RD, supplied by Pacific Wireless. All electronic components used in the assembly of NH5-FWTX1W will remain unchanged.

Best regards,
