FCC CONFIDENTIALITY REQUEST

To whom it may concern:

Pursuant to Paragraph §0.459 of the Commission's Rules (47 C.F.R.), Softing AG requests confidentiality for the following product:

FCC ID: NH9-VCI560

Model: VCI-560

We have requested that the schematic diagrams, Parts list, Block diagrams, hardware description and set up manual required to be submitted with this application be withheld from public review. The reason for this request is that these documents are company proprietary information that should never get into the possession of competitors, which would be harmful for our business.

Do not hesitate to contact me if you have any additional questions.

Thank you very much.
