

The owner's manual for the Elite Impulse Tag is currently being written. The information in the manual will include the following:

“This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.”

The owner's manual will also include:

“Changes or modifications not expressly approved by Elite Entry Phone Inc. could void the user's authority to operate the equipment.”
