Re: Response to FCC Correspondence Reference Number 41181

Dear Ms. Dortch:

Harris Corporation ("Harris") respectfully rescinds its request for long and short term confidentiality in connection with its Class II Permissive Change application connected with FCC ID Number: NK73100176. Harris mistakenly requested confidentiality on its Form 731, although such treatment is not required for the documents filed with the Federal Communications Commission on January 10, 2012. Rescinding this request for confidentiality should address the negative payment addressed in the correspondence and enable the continued consideration of the Class II Permissive Change.

Notwithstanding the statement above, Harris requests that all documents currently being treated as confidential in connection with FCC ID Number: NK73100176 and filed prior to January 10, 2012, continue to be withheld from public inspection.

Sincerely,

A handwritten signature in cursive script, appearing to read "E.S. Morris".

Evan S. Morris, Esq.
