Dear Sir:

This is to request confidentiality on information submitted for above application. We would like to request confidentiality on some exhibits we submit for the above original application for the reason of trade secrets. If those exhibits are available for public inspection, any person who once gets the information contained in those exhibits will be able to design and to make the same products very easily. This is a serious problem and a potential huge loss for us, we have heavily invested in it.

Please do not make the Exhibit Types listed below routinely available for public inspection:

Block diagram, Part lists, Schematics
