RE: FCC ID NKO-SIGPRO, Confirmation #EA95356

ATTENTION: Bette Taube

Dear Bette,

Per your conversation with Joan Strzelecki last Friday, I am writing to notify you of a typographical error on the 731 form. On item number 12, the first frequency range is incorrect. Instead of reading 151 to 152 MHz, it should read 151 to 159 MHz. We are sorry for this error and if you have any questions regarding this submittal, please do not hesitate to call us at (815) 293-0772.

Sincerely,

Joseph Strzelecki, NCE

ATTENTION: Bette Taube

Our client has a unique baby monitor that we are going to submit to your office for certification.

INSERT Description

We are going to fully test both units. If we provide data for both units in the submittal, can we submit both units with one FCC ID Number? The devices will always be sold as a pair.

Thank you in advance for your help. Please contact me via phone or e-mail.

Sincerely,
