

A Test Lab Techno Corp.

No.140-1, Chang-an St., Bade City, Tao-Yuan County 334, Taiwan (R.O.C.)
Tel : +886-3-2710188 / Fax : +886-3-2710190

Timco Engineering, Inc.
849 N.W. State Road 45, P.O. Box 370
Newberry, Florida 32669 USA

Subject: Reply TIMCO-TCB/Request for additional info of Job#1098TC10
FCC ID: NM8PC49100

To Whom It May Concern:

1. Please clarify if any simultaneous Tx exists and with which antenna: and what are the head and body SAR for each combination/mode it is unclear what modes and configurations (head or body etc.) these SAR represent. In general, head is compared to head and body to body to figure out simultaneous transmission.

ATL --> Please clarify if any simultaneous Tx exists and with which antenna: and what are the head and body SAR for each combination/mode it is unclear what modes and configurations (head or body etc.) these SAR represent. In general, head is compared to head and body to body to figure out simultaneous transmission.

- 1. BT & WLAN are not simultaneous transmission**
- 2. GSM & WLAN are simultaneous transmission**
- 3. GSM & BT are simultaneous transmission**

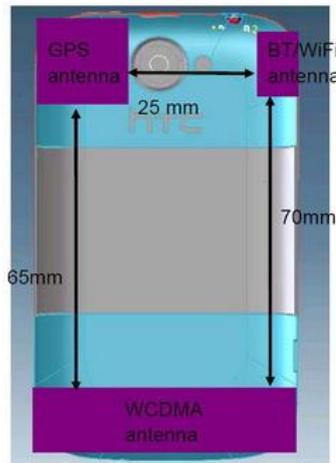

Comment:

Antenna Separation- GSM to WLAN=7cm >5cm, the simultaneous SAR is not required

Antenna Separation- GSM to BT=7cm >5cm, the simultaneous SAR is not required

Antenna Distance

Antenna account	Distance (cm)
BT to WLAN	0
BT to GSM(License)	7
WLAN to GSM(License)	7

Best Regards
