Re: Supersede request for FCC ID: **NM8PI46110**; Granted on **08/12/2011**

We regret to inform you that we have a confidential issue on the page 16 of SAR test report (WWAN) and page 15 of SAR test report (WLAN) which indicates the antenna distance. To prevent misunderstanding to the public, we would like to request the FCC to supersede the exhibit described as "**RF Exposure Info.: Test Report SAR Mobile WWAN / Test Report SAR WLAN rev2**".

Sincerely yours,

If you have any questions, feel free to contact us. Thank you.

Regards,

Daniel Lee
