Declaration

We, **HTC Corporation** states that our device, FCC ID: **NM8PJ75100**, has no space to put the label on the back chassis of the device, NM8PJ75100 except the area which is on top of Micro SD holder. The label will obviously, permanently be fixed on the top of Micro SD holder; therefore, the FCCID label is easily visible for the users when they insert SD card (the instruction is described in the user manual). Inserting the SD card is not optional but required in order to operate the smartphone application.

The FCC ID is also printed on the official retail packaging; moreover, an additional printed instruction on screen protector which shows "FCC ID" is attached on the device. Therefore, the FCCID information is easily visible for the users when they purchase this device.

If you have any questions regarding the declaration, please don't hesitate to contact us.

Thank you!

Sincerely yours,

Nolan Wang
