

Exhibit 1 ID Label & Location: 2.983 (f)

Exhibit 1 includes drawings showing the format and placement of the ID labels.

Included Items

1. Drawing of the Manufacturers Name Plate
2. Drawing of the Type ID Number Plate
3. Location of the Type ID Number Plate

The ID label is shown in the file labeled “nameplate.doc.”

Items 1 and 2 are included as Word documents in this binder. These labels are located on the back of the AAU, near the bottom, as shown in assembly drawings 3233300 and 3233375, and in the excerpts from these drawings below. The complete drawings are included in the drawing package provided with Exhibit 3.

In addition to the Active Antenna Unit manufacturer’s labels listed above, the Maxite system provider will provide an AAU label including the following information:

- Bar Code
- Product number and revision status
- Date of production
- Product serial numbers
- Corporate logo
