Correspondence ID #: 14333

Dear Ms. Hawkins:

The previous field strength readings were taken on two different occasions. Below please find the meter readings taken on the same date and same time.

EMISSION FREQUENCY	METER READING	AVERAGE FIELD STRENGTH	PEAK FIELD STRG.
PEAK – 608 MHz	16.60 dBuV	31.75 dBuV	38.48 dBuV
Q PEAK – 608 MHz	15.34 dBuV	30.49 dBuV	37.22 dBuV

Should you have any questions or require any further information, please advise.

Regards,
Mario R. de Aranzeta
Engineer/Timco Engineering, Inc.
