FCC Part 22 Certification
Request for Confidentiality

Gentlemen:

In accordance with 0.459 of CFR 47, Wide Telecom Inc. hereby requests confidentiality of the Block Diagrams, Circuit Diagrams, Circuit Description, Parts List, Tune-up Procedure, and Operational Description attachments for the subject application.

These documents contain detailed system and equipment description and related information about the product in which Wide Telecom Inc. considers to be proprietary, confidential, and a custom design and, otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, Wide Telecom Inc. considers that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely,

Woong Gee Chang
Chief Research Engineer
Wide Telecom Inc.
