December 12, 2005

RE: Shenzhen Jens Electric Co., Ltd

FCC ID: NRTSZJENSMW0C30AB

I have a few comments on this Application. Depending on your responses, kindly understand there may be additional comments.

- 1.) The FCC ID supplied on the revised label does not match the FCC ID on Form 731. In addition the Test Report must also identify the device by correct FCC ID. Please correct as necessary.
- 2.) The address and contact information listed at the FCC website for this Applicant is different than the one shown on Form 731. Please confirm the address and contact information on Form 731. If this is indeed correct, then FCC should be informed of these changes. Please review with your client. AmericanTCB will be happy to be of service to you for correcting the Grantee code information.

A handwritten signature in black ink, appearing to read "William H. Graff".

William H. Graff
President and Director of Engineering

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
