Re: Frequency Attestation

Applicant: Microhard Systems Inc.
Product: 400-480MHz OEM Narrowband Modem
Model: nL400
FCC ID: NS909P30

Dear Sir/Madam,

This equipment meets the requirement of the FCC Rules, Parts 90.203(e) and (g), as applicable.

Programming of this products transmit frequencies can be programmed ONLY by the manufacturer or by OEM, service or maintenance personal.

The operator cannot program transmit frequencies using the equipment's external operation controls.

Best Regards,

Sincerely,

Hany Shenouda
Director of Engineering
Microhard Systems Inc.
