

NIIGATA SEIMITSU CO.,LTD.

---

Gentlemen:

April 26 2001

This is letter is to provide the FCC with the claim that the Niigata Seimitsu NSA1800 will not exceed 1.5w of conducted output power. The product is designed as a class II and III cellular radio only and cannot provide more than 1.2W of output power.

Best regards,

*Ryohei Fujimoto,*
