Re: Additional information for FCC ID: NTTSX115  
Correspondence Reference No.: 10238  
731 Confirmation Number: EA95108

Dear Greg

It was a pleasure meeting with you on 28 October. I appreciate your taking the time to demonstrate test techniques and work with the instrumentation that WJ brought with them. I think we all gained a greater understanding of the meaning and application of the UNII rules.

I have uploaded revised output power data, based on our conversations at the FCC Lab. I have also made modifications to the MPE calculation data to correct typos and errors present in the original submission.

Hopefully you now have all the information you need to issue a grant for this product. If you need further information, please don't hesitate to contact me.

Best regards

Tom Cokenias  
EMC Consultant/Agent for Watkins-Johnson Company
