

## Authorization Letter for Use of FCC & ISED (IC) Certification

To whom it may concern,

This letter confirms that Brady Corporation, located at 6555 Good Hope Rd, Milwaukee, WI 53223, USA, is authorized to obtain a Change of ID for the certified Telit module:

- Module Name: Telit WE310G4-I
- IC Certification Number: 5131A-WE310G4
- FCC Certification Number: RI7WE310G4

Telit Communications S.p.A. hereby grants permission to Brady Corporation to reference the above IC certification in connection the Change of ID Brady module identified as follows:

- IC Certification Number: 3287A-WE310G4
- FCC Certification Number: NUC-WE310G4

Brady will incorporate use of the new module ID under the following conditions:

1. The module must be used strictly in accordance with the installation and usage guidelines set forth in the Telit product documentation and user manual.
  2. No modifications shall be made to the module, including antenna design, power levels, or RF paths, that could affect its compliance.
  3. The final product must include proper labelling as per ISED Canada's requirements, indicating that it contains a certified module (e.g., "Contains IC: 3287A-WE310G4").
  4. The integrator is responsible for ensuring that the final host product meets all applicable ISED requirements for RF exposure and EMC, as specified in RSS-GEN and other relevant regulations.
- Should further technical or regulatory details be required, Telit remains available to support the certification process of the host device.

Sgonico, 2025-05-08

Sincerely,

---
