Modular Approval Request Letter

Date: 2011-07-12
FCC ID: NUDHG76360
Type of Equipment: Short Range Radio Module (SR-Radio Module)
Model name: HG 76360

We, Eurofins Product Service GmbH, are authorized by Goetting KG to approve the above described unlicensed radio device under modular approval. The application of this module is specified to mobile host equipment. The requirements have been fulfilled and explained below:

i RF shielding

The radio portion does not need any shielding (see external photos).

ii Buffered modulation/data inputs,
has been integrated in the chipset

iii Power supply regulation,
is integrated

iv Antenna requirements section 15.203, 15.204 b and 15.204 c

The module comes with two permanently attached antennas. The spurious emission requirements are fulfilled (see attached test report).

v Stand alone test configuration

Please referring to test set up configuration photo

vi Labelling

The module has its own label. The instruction for labelling rules for the host device has been stated in the users manual

vii Compliance on specific rule or operating requirements

The required FCC rules has been fulfilled and all instructions for maintaining compliance has been clearly stated in the users manual

viii RF Exposure,

RF exposure requirements are fulfilled for mobile configuration. The installation of the module is restricted to mobile host devices what is clearly stated in the installation instruction of the user manual
