Request for Confidentiality

Gentlemen:

In accordance with 0.459 of CFR47, Hypercom Corp hereby requests confidentiality of the Block Diagram (Exhibit 7), Schematic Diagrams (Exhibit), and Parts List (Exhibit) for the attached test report.

These documents contain detailed system and equipment description and related information about the product which Hypercom considers to be proprietary, confidential, and a custom design and, otherwise would not release to the general public. Since this design is a basis from which future technological products will evolve, Hypercom considers this information would be of benefit to it's competitors, and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely,

Signature
