RE: AOR USA
NVJAR8600MK2B

Dear Mr. Ward:

The following list is the response to your technical information date July 1, 2002, regarding the above referenced application.

1. Please review attached corrected photos.
2. The radiated data represents the worse-case emissions produced in all bands while the AR8600 is placed in scanning mode. All bands between 100 kHz and 3 GHz were scanned and measured for radiated emissions. The highest levels in each band were reported.
3. Please find the label attachment file showing the warning statement to be placed on the AR8600.
4. Please find the manual warning attachment file showing the statement required by 15.21.
5. The user manual is currently not completed at this time

Your expeditious response to this request is greatly appreciated, and Please do not hesitate to call me, should there be any questions or concerns.

Sincerely,

Brian Haghtalab
Operations Manager
