# Installation

## Create Parent Account

- **Enter your e-mail**
- **Enter Password:** Your password protects the Parental Area, so it is important that you do not share it with your children.
- **Enter Hint Question & Answer:** Will be used to reset the password if you forget it.

## Create User Account

- **Name:** Enter the user's name.
- **Birthdate:** Enter the user's birthdate.
- **Load Image:** Select an image or photo for the profile.
- **Change Theme:** Customize the outlook of the main interface.
- **Password:** You can add a password for a safer profile.

This profile can either be a child or adult profile using the Kurio Interface.

## Enter a password (optional)

- **Text Password:** Type in a password, which can be 1 to 16 characters long using only letters and numbers.
- **Pattern Password:** Draw a pattern connecting 5 different dots by sliding your finger from dot to dot. The same dot cannot be used twice.

## Choose the Internet Security Level

- **Full Internet Access:** Removes any and all restrictions to Internet browsing. This mode should only be selected if this setup is for an adult profile.
- **Set Up Kid-Safe Web Content Filters:** Allows the user to browse the Internet freely except on the websites that may contain inappropriate content.
- **Restrict Web Browsing to Specific Sites:** Restricts Internet browsing only to websites that appear on the Safe list of this profile. Any other site will then be blocked.
- **No Internet Access:** Simply prevents any Internet browsing. However, it does not block the connection of the apps.

## Time Management

You can define the time limits you wish to apply to the profile. Session Control allows you to define the play time per session and the rest time in between sessions, while Global Control defines a start time and stop time during the day.

- **Session max. length:** Maximum play time granted to the user for each session, which can range from 15 to 720 min.
- **Rest between sessions:** Resting time between two sessions once the maximum play time is reached.
- **Max sessions per day:** The number of play time sessions granted per day to the user, which can be set from 1 to 4.
- **Start / Stop time:** Defines start and stop playing times granted to the user. For example, Global Control can be used to restrict the user from playing later at night.

**Session Control & Global Control can be activated together, separately, or not at all. Slide them ON to activate before pressing the green check button to confirm your settings.**

## App Management

- From the master list of apps shown, check the box next to the application to use it in this profile. All unchecked applications will not appear on this profile's interface.
- In "Screen Layout," you can arrange the selected apps by placing the app icons on the interface screens.

## Login Interface

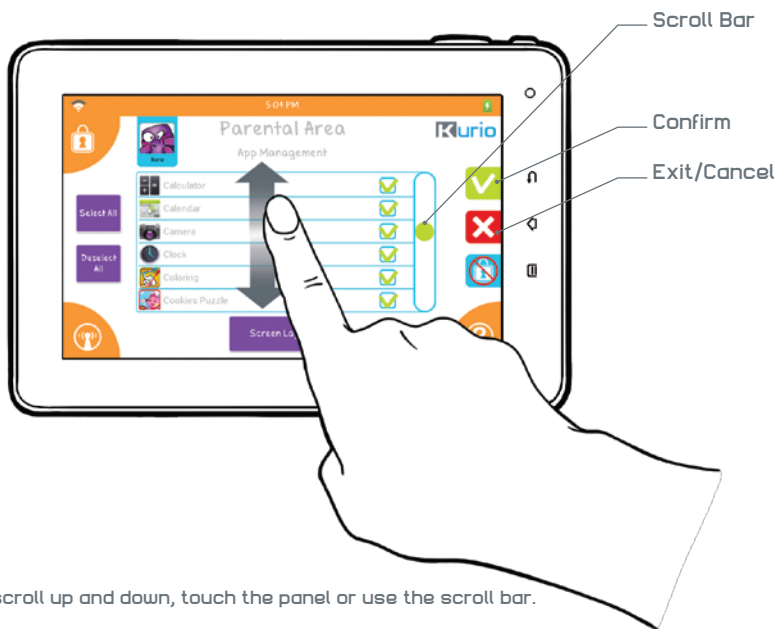

# Parental Area

- a - **Profiles:** Add a new profile or change the settings of an existing profile (Time Management, User Account, Applications, Internet Access, Filtering Settings, Safe List Settings, etc.)
- b - **Tablet Setup:** Change the system settings of the tablet or reset the interface.
- c - **Kurio Store:** Search, purchase, download, and review any apps for Kurio.
- d - **Main Account:** Change your email or password, and link to customer service information.
- e - **Switch to Android:** Exit the Kurio Interface & switch to the Android Interface.

## Additional Information

**Scroll Function:** To scroll up and down, touch the panel or use the scroll bar.

## **WARNING**

**RISK OF ELECTRIC SHOCK  
DO NOT OPEN**

**WARNING:** TO REDUCE THE RISK OF ELECTRIC SHOCK DO NOT REMOVE COVER OR BACK. NO USER-SERVICEABLE PARTS INSIDE. REFER SERVICING TO QUALIFIED SERVICE PERSONNEL.

The lightning flash with arrow head within a triangle is intended to tell the user that parts inside the product constitute a risk of electric shock to persons.

The exclamation point within a triangle is intended to tell the user that important operating and servicing instructions are in the papers with the appliance.

**CAUTION:** TO REDUCE THE RISK OF FIRE OR ELECTRIC SHOCK, DO NOT EXPOSE THIS APPARATUS TO RAIN OR MOISTURE. DO NOT PLACE ANY OBJECTS FILLED WITH LIQUIDS, SUCH AS VASES, ON THIS APPARATUS.

Do not damage or deform the power supply cord. If it is damaged or deformed, it may cause electric shock or malfunction when used. When removing from wall outlet, be sure to remove by holding the plug attachment and not by pulling the cord.

## **Warning**

- All packing materials such as internal bags, plastic collars, plastic films, and carton inserts are not part of this product and should be discarded.
- Do not try to disassemble the unit
- To charge Kurio, only use the power adapter supplied with Kurio tablet.
- Keep the unit out of direct sunlight and away from any direct heat source.
- Do not expose the unit to moisture or water.
- Keep the unit clean by wiping it with a slightly damp cloth.
- To prevent hearing damage, never use earphones at excessive volume levels. Listening to loud sounds for an extended period may cause temporary or permanent hearing loss.
- Never use Kurio while operating a motor vehicle or bicycle.
- If you feel discomfort in your hands or any pain using Kurio, please stop immediately.
- In case of long periods of use, take frequent breaks.
- If a small part is coming out of the Kurio, don't try to remove it. Keep it away from small children.
- Never force a connector into a port of Kurio. If a connector and a port do not join with reasonable force, make sure that the connector matches the port and that you have positioned the connector correctly in relation to the port.
- To clean the screen, simply use a soft damp cloth. Do not use alcohol, solvent, aerosol spray or abrasive cleaners to clean your Kurio.
- The silicone bumper is designed to protect from light use and drops, but is not guaranteed to protect this delicate piece of electronics from severe drops, abuse, misuse, etc.
- The product and the adapter should be periodically examined for conditions that may result in the risk of fire, electric shock, or injury to persons and that, in an event such conditions, the adapter should not be used until properly repaired.

## **Restricted Use of Electronic Devices**

- The use of electronic/electric devices may interfere with safe operation of some aircraft and can be restricted with some airline companies. Please check with your airline company before traveling.
- Kurio 7 has an Airplane Mode. Please go into the Settings of the Android Interface to switch the tablet into Airplane Mode. All wireless connections will be turned off.

## **Tech Support & Warranty Information**

If you have any questions setting up or using your tablet, please visit [www.kurioworld.com](http://www.kurioworld.com) to find out more about Kurio, read our related FAQs, download the full user manual and for any technical support. All of our products have a 1 Year Limited Warranty. In the unlikely event you experience any problems with your Kurio, please visit [www.kurioworld.com](http://www.kurioworld.com) to contact Kurio Customer Service. If the service representative is unable to solve the issue, he or she will provide instructions regarding how to have your Kurio serviced if it is under warranty.

Please note that this tablet is warranted only to the original purchaser for a period of twelve months from the original purchase date, under normal use and service, against defective workmanship and materials. If the product is damaged due to accident, improper or unreasonable use or maintenance, such as a broken screen, fall, water damage, etc., this damage is not covered by the warranty. Please visit [www.kurioworld.com](http://www.kurioworld.com) for the full details of Kurio's 1 Year Limited Warranty.

# Exposure to Radio Frequency Energy

- Caution: changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
- NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
  - Reorient or relocate the receiving antenna.
  - Increase the separation between the equipment and receiver.
  - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
  - Consult the dealer or experienced radio/TV technician for help.

This device meets the FCC Radio Frequency Emission guidelines and is certified with the FCC as FCC number: NXM-C11100

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. End user must follow the specific operating instructions for satisfying RF exposure compliance. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. The portable device is designed to meet the requirements for exposure to radio waves established by the Federal Communications Commission (USA). These requirements set a SAR limit of 1.6 W/kg averaged over one gram of tissue. The highest SAR value reported under this standard during product certification for use when properly worn on the body is 1.49 W/kg.

## Declaration of conformity

### KD Interactive

Edificio Europa - Avenida Electricitat n°19  
Piso 6P4  
P.O. Box 121  
08191 RUBI - BARCELONA - SPAIN

Product: Kurio 7  
Model: C11100

"We declare that the product above complies with the basic requirements and the other relevant provisions required by R&TTE Directive (1999/5/CE), the Low Voltage Directive (2006/95/EC), EMC Directive (2004/108/EC) and is in conformity with the following standards:

EN300328: 2006, EN301489-1: 2008, EN301489-17: 2009, EN62209: 2006, EN55022: 2006, EN55024: 2010, EN61000-3-3: 2008, EN60950-1: 2006, EN50332-2: 2003.

The undersigned does hereby declare that the product complies with the above Directives.

Eric Wolff

General Manager

Issue date: May 14th 2012

## Recycling

Waste electrical products and batteries should not be disposed of with household waste. Please recycle where facilities exist. Check with your local authority for recycling advice.

**CAUTION - ELECTRICALLY OPERATED PRODUCT** - As with all electric products, precautions should be observed during handling and use to prevent electric shock. Adult supervision is recommended.

**Please retain this manual for further reference.**
