

Responses to Non-Conformities (Ref # E00-000495-1; NYKEMPA101)

Item 1: Please provide a corrected occupied bandwidth plot showing that it meets the following:
§87.135 Bandwidth of emission.

10/25 – Revised Test Report Provided showing the correct specifications.

Item 2: Please remove step 5 on the test data sheet used for Power Output in the test report. These calculations are for spurious emissions on an OAT site.

10/25 – Revised Test Report Provided.
