24 unlicensed special labeling instructions

Ceragon Networks™ Proprietary and Confidential Information. Copying, Distribution, and Disclosure is Prohibited without Express Authorization from Ceragon Networks.

1. 24 Unlicensed systems special labeling instructions

1.1 General:

These work instructions specify the special labeling requirements of ODU 24GHz Unlicensed FCC products.

1.2 Required equipment (for each ODU)

- ODU PN (BS-0077-0) labels with the FCC information label from the PDM

1.3 Labels Location

The “FCC Information” label should be placed on the ODU heat sink fin near the CERAGON labels as shown in the picture:
