

ANNEX D EUT INTERNAL PHOTOS

EUT UNCOVER VIEW

ANTENNA

The image shows the back of a yellow rugged mobile phone with a black protective cover. The phone is lying on a blue surface next to a ruler. The back cover is open, revealing the internal battery compartment. The battery is a BA7800 model, 3000mAh capacity, 3.7V. The phone is placed on a blue surface next to a ruler.

The image shows a yellow and black rugged smartphone case. The case is shown with its back cover removed, revealing the internal battery compartment and a SIM card slot. A ruler is placed next to the case for scale. Two small black components, likely the camera lens and flash, are shown separately.
