UAHL6A INTERNAL PHOTOS

The image displays three disassembled components of a device, likely a handheld electronic device or a small laptop. On the left is a black plastic back cover with several circular mounting holes and a central cutout. In the center is a green printed circuit board (PCB) populated with various electronic components, including capacitors, resistors, and integrated circuits. The PCB features a white connector at one end and a green edge connector at the other. On the right is a black plastic front cover, which is partially disassembled, revealing internal wiring and components. The components are laid out on a white surface.
