Both the new KTL report for the AR100 (with all product information removed except photographs of the product which are required for identification purposes) and the new SAR test report has been downloaded on the FCC website (Downloaded on the 18-10-02.) These test reports can be found in the exhibit section on the FCC website.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 60 days of the original e-mail date may result in application dismissal pursuant to Section 2.917 (c) and forfeiture of the filing fee pursuant to section 1.1108.
