We, Friedrich Air Conditioning Co., declare that this device (FCC ID: O4C-KUHLWIFI) is only designed for cooling systems (will have 20cm distance restriction), and a driver for PC/Laptop device will be not provided by the manufacturer.

For testing purpose, a driver was installed in a PC to simulate the setup of how the EUT operates with the cooling system in the test lab. However, the driver will not be provided to the end user. Please also see the description on Page 1 of User Manual for more detail.

Sincerely,
