Declare under our own responsibility that

The EUT has three model numbers: 5-WTD41102-0, 5-WTD41400-0; 5-WTD41402-0 are electronically and electrically identical. The differences between models are given in the table below.

Part Number	Description	Differences
5-WTD41102-0	Personal Safety Bracelet, IR/RF, 433 MHz, call button, tamper band	Same PCB, with call button, tamper band
5-WTD41400-0	Personal Safety Bracelet, IR/RF,LF 433 MHz, green button, no band	Same PCB, with green button, no band, plastic band slits
5-WTD41402-0	Personal Safety Bracelet, IR/RF,LF 433 MHz, green button, tamper band	Same PCB, with green button, tamper band

The tamper band is the band with conducting wire. The EUT model number 5-WTD41402-0 was tested as the maximum configuration device. All EUT have also an LF 125 kHz receiver.
