### HEADSETS PLACEMENT

To place your headsets correctly, please rotate and adjust to prevent the TWS from falling off for optimal fit and best sound performance, your TWS comes with 3 ear tips (S/M/L).

Select the ear tips size that best fits you.

### AUTO SHUT DOWN

After use, remove the headsets and place them into the charging base, the headsets will automatically turn off, the charging base will display a blue light to indicate the headsets are charging. The light will turn off once the earphones are fully charged.

### IMPORTANT

Read these simple guidelines. not following them may be dangerous or against law and regulations.

### SWITCH OFF IN RESTRICTED AREAS

Switch your headsets off when a Bluetooth signal or headset use is not allowed or when it can cause interference or danger (airplanes, hospitals, medical equipment, chemicals, fuel or any other blasting area)

### PROTECT YOUR HEARING

To prevent possible hearing damage, do not listen music, videos or calls at high volumes for long time.

### RECOMMENDATIONS

This device is not a toy as it contains small parts. **KEEP THEM OUT OF THE REACH OF SMALL CHILDREN.**

### RECYCLE

Always return your used electronics, batteries, and packaging materials to dedicated collection points. This way we can cooperate to prevent uncontrolled waste disposal and to promote the recycling of materials.

### COLOCACIÓN DE ALMOHADILLAS

Para colocar correctamente las almohadillas, gírelas y ajústelas para evitar que se caigan y conseguir un ajuste óptimo y un mejor rendimiento de sonido. Contará con tres tamaños de almohadillas (S/M/L).

Seleccione el tamaño de almohadillas que le brinde mayor comodidad.

### APAGADO AUTOMÁTICO

Después del uso, quítese los auriculares y colóquelos en la base de carga, los auriculares se apagarán automáticamente y la base de carga mostrará una luz azul para indicar que los auriculares se están cargando. La luz se apagará cuando los auriculares estén completamente cargados.

### IMPORTANTE

Recomendamos leer estas instrucciones. no seguirlos puede resultar peligroso o ir en contra de la ley y la normativa.

### APAGADO EN ZONAS RESTRINGIDAS

Apague sus auriculares cuando la señal Bluetooth o el uso de auriculares no esté permitido o cuando pueda causar interferencias o peligro (aviones, hospitales, equipos médicos, productos químicos, combustible o cualquier otra zona de explosión).

### PROTEJA SU AUDICIÓN

Para evitar posibles daños auditivos, evitar escuchar música, videos o llamadas a un volumen alto durante mucho tiempo.

### RECOMENDACIONES

Este aparato no es un juguete ya que contiene piezas pequeñas.

**MANTÉNGALO FUERA DEL ALCANCE DE LOS NIÑOS PEQUEÑOS.**

### RECICLA

Devuelva siempre sus aparatos electrónicos usados, pilas y materiales de embalaje a los puntos de reciclo específicos. De esta forma podremos colaborar para evitar la eliminación incontrolada de residuos y fomentar el reciclaje de materiales.

TCL

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter.

#### Radiation Exposure Statement

The device has been evaluated to meet general RF exposure requirement in portable exposure condition without restriction.
