

Mr. Frank Coperich
Re: FCC ID: 06E710150C; Securicor Wireless
731 Confirmation Number TC99774
Correspondence Reference Number 1467

Per referenced inquiry:

1. The transceiver uses PLL technology based on EPROM frequency selection. The EPROM can only be programmed by a programmer available only to authorized technicians. The equipment can only be operated on internally preset discrete frequencies authorized by applicable license.
2. Noted.
3. Noted.
