Section 1. CHANGE IN IDENTIFICATION OF EQUIPMENT

The Nitsuko America Corporation Model 85420 Unlicensed Personal Communications Systems (UPCS) is an OEM for the previously certified NEC America, Inc., Inc. The Nitsuko's UPCS base station is electrically the same as NEC's Model SN933 WEK-A. The only difference is the front covers labeling and the type identification labels; therefore, the base station meets all of the requirements of § 2.933(a) for change in identification without a change in design, circuitry or construction.

§ 15.933 (b)

- 1) Original FCC ID: AY5SN933WEK
- 2) Original date of grant: November 3, 1997
- 3) Original Type Approval number: N/A
- 4) Differences in equipment bearing modified identification number: Only the Applicant, Brand Name, front cover labeling and FCC ID number are changed.
- 5) The test data previously filed with the Commission is representative of equipment bearing the changed identification.
- 6) Photographs of type accepted equipment: N/A
- 7) Photographs of Certified equipment as described in 2.1033(b)(7): See Exhibit 3.
